

This complete Toddler and Preschool Curriculum is designed especially for the home school parent or Daycare provider. It is set up to cover one letter per week. In addition to a letter a week, it includes a weekly theme that starts with the letter of the week. The same color, shape, and number are worked on all month long. This curriculum begins in August and ends in May. The lessons include ideas for teaching: Letter Skills, Numbers, Shapes, Color, Art, Music, Game Time, and Snack. Every lesson also includes a scripture to memorize and a Bible story. There are Holiday lessons built in throughout at the appropriate places. Most all of the items needed to implement the lessons are simply common household items, which makes this curriculum very budget friendly. Pick and choose the activities you like or do several each day to complete them all each week. This E-Book is fully printable. It is in PDF, Adobe Format. In addition, the Contents page is interactive; meaning that you can click on a letter to be taken directly to that page versus having to scroll through the pages until you come to the lesson you desire.
